### TO OUR PATRONS AND FRIENDS

A number of Ice Plants over the country have found after careful examination of their books that it cost them about 10 per cent to charge and collect their retail Ice accounts. As a result they are rapidly placing their retall business on a cash basis.

Our own experience being in line with the above and believing that this 10 per cent cost is an unwaranted loss, we have decided to do likewise. However, we do not expect to add this 10 per cent to our profits; but will reduce our prices accordingly, so as to give the benefit of the snv-

Therefore beginning March 15th, 1915 we will conduct our entire retail business strictly for cash and the following reductions will be made on Ice Coupon Books.

This land is ordered sold by the Commissioner for the purpose of paying the debt of H. C. Rubie, amounting to \$6000.00, with interest from Jan. 2, 1914, until paid, against said estate, and to settle the estate of G. W. Callebs, deceased.

TERMS. money, there would hardly be any collection at all. Each sobscriber thinks that his little dollar does not amount to much but 2,000 of them makes \$2,000, which is a considerable item in meeting our expenses. That is why it is necessary for us to collect subscriptions in advance, from rich and poor, white and black, honest and dishonest.

A newspaper like the Record cannot be published at pervalling prices for subscription and advertisement without collecting aubscriptions in advance and keeping close up with collections for advertising and job work. The high cost of all newspaper material makes the margin of profit in the newspaper business very small even when there are no losses. In fact, no newspape can really afford to get out a pape for \$1.00 at the present day prices uf everything, but as long as we are trying to, we ask our friends to pay us

#### To The Tobacco Growers and The Man Selling It:

Both the Madison and Home Tobacco Warehouses have decided to close this season Friday March We wish now to assure you that the directors and owners of the Madison House feel deeply grateful for the very liberal patronage you have given us in the season just closing. It is the largest in point of poonds that we have ever had. We have sold nearly 5,000,000, this we expect to reach before the merket closes. The year just closing has in many respects been a very bad one to all concerned. Tobacco for the most part has heen as you know of low and damaged and inferior quality. Good crops however have never sold higher. Our house which is a very large one has many times this year been over run end many of our friends have been compelled to go elsewhere for the sale of their crops. Many wagons have come in out of their turn, yet these and many other things were wholly unavnidable with us this year. We have done as we always have the liest we could to give each and ever one who sold with os, fair and honest treatment, trying all the time to get every cent we could for any crop brought to us. We not only hope but earnestly believe that you will in the very near future see Richmond market selling 10,000,000 pounds annually. Already one of the biggest and hest in the state and growing every year, selling more this than any previous year. Prices have been low, but we couldn't help this, for they have been low on every market in the state. Our prices as usual will compare honestly with those obtained by any house in Kentucky.

We have secured about three pounds of the famous Hen Kelly tobacco seed which we will be glad to give our friends free who will call for them.

Now finally we want once again to thank you and we mean this for everybody who have ever sold with us, visited with us or wished its success, and to those who sold elsewhere we wil he glad to see you hack with us next year. Two weeks more our House will be open for tobacco and we know that the market will close strong and high. Sold W. C. Russ crop lot yesterday 695 pounds at an average of \$17.40 per hundred. Any time, spring, summer, fall or winter that any of us can be of service to you commend us, we will do the rest.

We are sincerely and gratefully yours,

### **GARNETT LOYAL** TO HIS DUTIES OUT FOR AUDITUR

Attorney General Not in Race Seeks Nomination on "Strong and for Gubernatorial Nomination.

In Leller to Edilor of Adair County News, He Declares That Participation in Primary Would Result in Neglect of Present Office—Is Recipi ent of Many Complimantary Notices From Kantucky Press.

Attorney General James Garnett of Adair county, who for a year or mora has been regarded as an almost cer tain antry in the race for the Demo cratic nomination for governor in tha August, 1915, state primary, has notithat honor.

General Garnett bases his declina tion to make the race upon the fact that the duties of his present office require his entira attention, and that he would have to neglect that office to make a campsign, and also npon the expense that would be incident to such a campaign. At the close of his areaent term of office. General Garnett will resume the practice of the law He says it shall be his pleasure to at all times do what he can to further the cause of the Democratic party.

The declaration of General Garnett that he will not be a candidate for governor was made in a letter to Editor C. S. Harris of the Adair County News, his home newspaper, in witch be says:

I have your very kind favor of the 19th asking me to make the race for governor, with the pledge of the support of your valuable paper and the support of a great section of the suate, which places me under a still deeper series of gratitude to you and my other friends in that section

tude to you and my other friends in that section

I have received many letters from different parts of the state, and some from members of both the opposing pulitical parties, asking me to make tids race.

I realize that the governorship of this proud commonwealth is an honor any man could covel, and I have given the master much consideration. Should I make the race it would be necessary for me to neglect the duttes of the office I now hold, and this expense of a campaign such as would have to be waged would be far is except in my financial resources. For these rousons I am persuaded that I should not become a candidate, but that I should devote my entire time to the dischare of the duttes assigned to the office of ettorney geniaral, and at the close of my term return to the active practice of my profession. It shall be my pleasure at all times to de what I can in my feeble way for the advancement of our state, and is the future, as is the past, I shall be ready in give my services to the party which has housed me, and it will be a special pleasure for me to serve you and my other friends who have been so loyal and true to me.

With the kindesi regards and best 

wishes I am,
Yours very truly,
JAMES GARNETT. Commenting upon General Garnett's decision not to make the race for gov. ernor, Editor Harris has the following editorial:

editoriat:

Is saother column we publish a letter from Attorney General Garnett in which he states his reasons, in a clear and conclae manner, declining to enter the context for the Democratic nomination for governor. For the last veer Mr. Garnett has been regarded as a probable carultage and many of his friends in various parts of the state, and particularly in this section, have solicited him to enter the fight believing he could win in the primary, be elected in November and make a governor who would unfinchingly do his duty to the great good of the commonwealth.

#### Fidality to Duty.

Fidelity to duly is one of his reasons or keeping out of the contest, and we ho know him, hest recusalize that a ne of his chief characteristics—one that one of his chief characteristics—one that has not only tied the entire Democracy to him in his section, but many Republicans as well. We had hoped hy would enter the race, win in the primary, trionipli in November and prosethe neitle of his Democracy in the kiral of administration so needful in this day and age, and for which he is so eminen y litted to give No other Democratical in the state, and it is a matter of the state, and it is a matter for the state, and it is a matter of the state.

#### Tribute to Garnatt. -

The Louisville Evening Post, commerting upon General Carnell's duciaration, has the following compilimentary editorial:

mentary eilitorial:

Mr. James Garneit, the attorney general of the state, yesterday amounted that he will not seek the Democrationomination for governor, but will devote the remainder of his term to disposing of the important business that remaint in his department to be handled, and will set the expiration of his term return to riolumbia to practice his profusion.

As attorney general during the last three years, Mr. Garnett has done a large amount of public work of a lasting character, and he will leave that office deserving wall both of the state and his party. It has been frequently contended that the post of sitorney general should be made appointive at the hands of the proversor, with a successful sitorney general, of course, eligible for reappointment. There is much to be said to faver of such a plaa, but any governor would and districtly in accuring as the chief law efficer of the state a man wha would have the possible threa years ago.

The favorable actilement of these chase in the courts together with the large increases from other corporations which are not contested, means a strest boon to the taxpayers and a most valuable increase in our revenues. In the four years of the present administration the increase of revenues from the samements of those corporations, which have not contested increases, will amount to a airm to the state far in excess of \$1,000,000 and the increase of revenues from the same source to the counties, clies, towns and achord districts of the state will amount to about \$2,000,000 for the same period. Member of important Boards.

As state treasurer I have been, according to law, a member of the important aoverning boards of the state, the shirt capitol board and the board of valuation and assessment. This latter board is one of especial important question of incording time in the secretary of state. It deals with the important question of incorporations doing business in this state, for purposes of taxistion.
